Limited Edition

Products and colours available for a limited time.

“Get the look”

Street & Hip Hop Dancewear.

Proudly developed in Australia with one of the countries leading textile mills.

Energetiks has launched an exciting new fabric - **DANCE DRY™**. Energetiks understands that dancers are hard working athletes and deserve all the benefits that come from fabric technical advancement.

Superior Fit and Comfort
The high LYCRA® fibre content adds comfort, support, shape retention and freedom of movement.

Moisture Wicking
DANCE DRY™ fabric sweeps perspiration away from the skin keeping you comfortable, dry and focused.

Fully Breathable
DANCE DRY™ has a high filament count creating more avenues for the air to circulate, helping to keep you cooler.

Increased Durability
The high LYCRA® fibre content ensures the garment can be worn class after class and still retain it's shape and support.

High IQ™
Cool Comfort

High IQ™ Cool Comfort is a moisture management treatment allowing the garment to breathe while drawing moisture away from the skin to the fabrics surface, resulting in rapid evaporation.

Soft and Comfortable

High IQ™ Cool Comfort treatment softens the fabric and reduces static cling offering superior comfort.

Keeps you Cool and Dry

High IQ™ Cool Comfort quick-dry properties create a natural microclimate which helps to reduce post-exercise chill, leaving you cool and dry.

COTTON
LYCRA®

Energetiks proudly uses Australian made Cotton Lycra® containing registered Lycra®

BE SURE IT'S LYCRA® FIBRE

Not all elastane or spandex fibre products deliver the high quality stretch and more importantly excellent recovery performance of LYCRA® fibre which keeps garments in shape for longer, offering ease of care and durability.

LYCRA® fibre is a trademark of INVISTA.

Increased Durability

The high LYCRA® fibre content ensures the garment can be worn class after class and still retain shape and support.

Superior Fit and Comfort

The high LYCRA® fibre content adds comfort, support, shape retention and freedom of movement.

Softness

The natural Cotton fibre content adds comfort, softness and moisture management.

Breathable

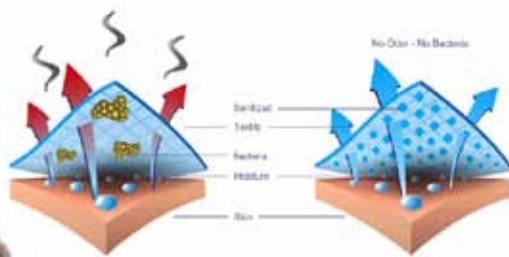

The natural cotton fibre content creates more avenues for the air to circulate, keeping you cool and comfortable.

Stay Confident and Fresh.

No Odour, No Bacteria.
Thanks to the Sanitized® built-in hygiene function.

The **SANITIZED®** hygiene treatment acts like built-in deodorant and effectively helps to prevent the development of perspiration and odour.

Energetiks proudly uses Australian made performance **TACTEL® With added High IQ™ Cool Comfort.**

Comfortable and Lightweight

Super fine fibres at least twice as soft and 20% lighter than most other fibres, creating a lightweight luxurious garment.

Contains High IQ™ Cool Comfort Treatment

TACTEL® that transports the moisture from your skin to the fabric's surface, resulting in rapid evaporation.

Easy care

TACTEL® fibre dries eight times faster than cotton and has superior colour fastness.

Strength and Durability

Up to three times more durable than natural fibres, resulting in increased abrasion resistance.

PERFORMANCE TACTEL®

- Superior Colour Fastness
- High IQ™ Cool Comfort
 - Soft Handle
 - Fast Drying
 - Durability
 - LYCRA®
